Bridging The Communication Gap With Christ

The Tacoma Facts 1019 So. 12th Street Vol 22 No. 31 July 15, 1982 627-5862 *25c per copy*

Remember! Candidates that advertise in the Tacoma Facts are using your newspaper to tell their story.

TO VOTE OR NOT TO VOTE IS NOT THE QUESTION.

1982 promises to be a watershed year as far as the political scene is concerned. For minorities, Poor people and other ethnic group members, it is a time to "hold on to what you've got". As a conservative mood takes hold spurred on by raging inflation and high unemployment rates, gains made by these groups in the 1960's and 1970's are in danger of being eradicated. Remember, for us there are no "good old days."

There is one way you can stop this trend. Now, more than ever your vote is your protection against infringement of your right to equality in housing, employment, medical care and business participation. Don't be taken for granted. In this year of hotly contested political races, make sure all the candidates know they must "come by you" in order to wage a successful campaign.

The Tacoma Facts whole heartedly endorses one political action, voting. Who or what you vote for is your concern. We hope you will take the time to know the issues and the candidates and not just their slogans.

We hope that if you vote for an issue or a candidate you will continue to hold them accountable and not support, with your tax dollars, those institutions which remain insensitive to your needs.

We hope that this year you will vote for those candidates that have shown by word and deed that they understand the needs of the community, but most important we fervently hope that you will vote. To paraphrase an old song "They can't take that away from you.

MONDALE URGES BLACKS TO VOTE TO SAVE ECONOMIC GAINS.

BOSTON--If Black Americans stay home from the polls during the 1982 Congressional elections, former Vice-President Walter Mondale said they will be accomplices in the Reagan Administration's efforts to roll back decades of social progress.

Speaking at the NAACP's 73rd Annual Convention in Boston, Mr. Mondale said they are counting on Votor apathy and despair to keep people from voting, so Congressional supporters of Reagan will retain power.

"If they can do everything they've done in the past two years would be "loo-loo's." Those who would turn their backs on social justice and human rights, must be repudiated and turned out of office, he said, and 1982 is the time to do it.

Quoting Abraham Lincoln, Mr. Mondale said that anything is possible with public trust. But, he asked, how can the American people trust leadership that won't fight for fundamental principles of justice.

Mr. Mondale attacked the economic policies of Reagan Administration, which, he said, were aimed at creating two Americas" one rich, and one poor. He also said, there seems to be no place in Ronald Reagan's administration for black or minority youth.

Mr. Mondale "Profoundly condemned" Reagan budget cutbacks in almost every program affecting youth. These included child nutrition, Title I and special education programs, student loans in higher education, and job training. The unemployment rate for black youth is a national disgrace, he continued, and is contributing to an intense feeling of despair and personal worthlessness, brought on by months, and even years, of fruitless job-hunting.

MARTIN LUTHER KING ECUMENICAL CENTER

Three months ago I was hired by the Martin Luther King Center to open a shelter so that homeless men can sleep indoors. I rented a building in downtown Tacoma, at 1502 Jefferson St. Since then I have been remodeling it for use as a shelter. The building has been brought up to fire-code and, except for ventilation which we are working on, is up to building code. It has a new painted plywood floor, a half-dozen toilets, a fire-alarm system, a rear exit, and it is in the right location-that is, in downtown.

My plan for operating the shelter is to open the door at about 10 pm. allow any man inside who will not awaken other sleepers, and keep watch over the men until 6:30 am. To do this I plan to hire another staff member or find reliable volunteers to help. There will be no drugs or drinking allowed. In the mornings the building will be swept and mopped after the men have left. The shelter will not be open in the daytime.

Please lend us your support to help get the men a place to sleep indoors. The Rescue Mission is the only alternative and it allows most men 3 nights a month. The men sleep outside now much of the time. There will be problems in running the shelter, but it is needed so badly that we will take on the difficulties in order to let the men sleep indoors.

There is strong opposition to the shelter, specifically from the Tacoma Rescue Mission, the Downtown Tacoma Association, and the mayor. The News Tribune has printed several articles expressing these people's disapproval of the shelter, but has not described how badly it is needed, or how other cities provide shelter to homeless people. The Building Department has given us a new requirement for ventilation, which will delay our opening and deplete our funds.

I am afraid there will be more delays and more criticism until the project is abandoned or our donated money runs out. To prevent this, I have sent our petitions to churches, social service agencies and individuals in Tacoma and Puyallup. I hope to gather evidence of popular sup Port for the shelter so that its opponents and critics will see that it is to their advantage to let it open.

Petitions are being mailed out to many Churches and are also available for signing at the Martin Luther King Center, next door to Allen-A.M.E Church.

MUSICAL COMEDY

"ANYTHING GOES!"

Performers from 12 Tacoma and Pierce County-area high schools will be featured in Tacoma Community College's 1982 Summer Music Theater Workshop production "Anything Goes." The more than 30 young actors and musicians will offer eight 8 p.m. performances of the Cole Porter musical comedy July 21-24 and July 28-31 in the TCC theater.

"Anything Goes" is the fifth annual production of the TCC summer workshop, which according to producer and TCC music instructor Gene Nelson, provides an opportunity for outstanding high school musicians and thespians from throughout Pierce County to participate in a creative, productive summer activity.

The workshop is jointly sponsored by the college and the Tacoma Exchange Club. As in previous years, the Exchange Club will award several one-year full-tuition scholarships to students who perform exceptionally in the musical.

Based on the book by Guy Bolton and P.G. Wodehouse, Cole Porter's "Anything Goes' was first performed on Broadway in November 1934. It traces the adventures of Billy Crocker as he pursues the girl of his dreams on board the England-bound ocean liner "America."

SUMMER IS SPECIAL AT NORTHWEST TREK.

Almost everyone has heard about Mount St. Helens, the Olympic Rain Forest and Lake Chelan. But chances are you're not familiar with Moose Swamp, Bear Overlook, Goat Ridge, Mink Marsh, Buffalo Prarie or Elk Meadow--places that sound like they came out of a novel.

Actually they're scenic locations named after the animals that inhabit Northwest Trek, a 600-acre wildlife preserve tucked in the shadow of Mount Rainier.

The park-a maze of lakes, forests, meadows, ponds and ravines- is home to over 40 species of native North American animals. It's open to the public from mid February through the end of October and from November 26-28, and December 26-30.

Admission is $4 for adults, $2.50 for seniors, and $2 for youths 5-17. Children under 5 are admitted free. If you plan to visit Trek on a weekday, you can take advantage of substantially reduced rates by using the Weekday Carload Coupon below. During the summer, the park is open from 10 a.m. unti 7:30 p.m.

Northwest Trek is located on State Route 161, six miles north of Eatonville.

Every season offers special attractions for visitors at Trek. But in the summer there's always a fascinating parade of young or newborn animals usually within easy photographing distance of the Trek tram.

The full admission price includes a ticket for this 5½ mile narrated tram tour through forests and meadowlands where herds of bison, moose, elk, caribou and other animals roam free.

By Mid July big horn sheep, black-tail deer, bison and elk offspring begin appearing in the park. And a pair of whistling swans are frequently visible as they search for food near their nesting site at Horsehoe Lake. Forest birds, wild turkeys, geese and ducks are also abundant at Northwest Trek.

The tram stops often giving visitors a chance to observe and photograph the animals while a Trek naturalist explains their behavioral patterns and eating habits.

To fully enjoy the "baby" animals at Northwest Trek, head for the forest animal exhibit where beaver kits are expected in June. Here you can study the habits of the beaver, otter, martin, badger, opossum, mink, raccoon and more--above and below the water, in and out of their dens.

To make reservations or for more information call 847-1903 in Tacoma or 832-6116 at Trek. In Seattle, a recorded message will provide additional information at 325-5566.

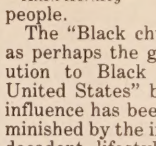
TV Replacing Church In Shaping Morals In Blacks



Alton Hornsby

Alton Hornsby Jr., a historian at Morehouse College in Atlanta, says television is replacing the church in shaping the morals of Black people.

The "Black church stands out as perhaps the greatest contribution to Black history in the United States" but the church's influence has been drastically diminished by the immoral acts and decadent lifestyles featured on television sets in Black homes, Hornsby contends.

THE TACOMA BOXING CLUB IS TRAINING A CHAMPION FOR MONTREAL

Young boxer, Maurice Linton is waiting for confirmation from the Olympic Committee so that he can compete at the International Bouts scheduled to take place in Montreal, Canada on July 31.

Maurice, a 14 year old Tacoma resident, has been boxing for the past seven years under the direction of coach Tom Mustin. First at the Downtown Boys Club and now at the Tacoma Boxing Club, 2338 Tacoma Avenue South.

The 95 pound boxer said, "I practice five days a week for up coming competion," and the coach added that "train ing during those times last for an hour and a half each day, but during regular training per iods Maurice trains three days a week."

When asked how well he did with academic studies Maurice said, "I put in the time to do my homework and math is the subject I like the best." His parents are supportive of the boxing training just as they are of him keeping up with his academic studies. Maurice's father at one time coached boxing at the Downtown Tacoma Boys Club.

Trainer-coach Tom Mustin said that, "13 years as a volunteer boxing coach have given me the excitment of helping to produce champions. I also feel myself to be a positive role model for many of the young boys who come to the Tacoma Box ing Club."

"This year alone," according to Tom, "Maurice has won approximately 14 team titles in addition to a national team title." Some of which had to be won in order for Maurice to qualify for the International Bouts in Montreal.

Most recently Tom accompanied Maurice to the Western Washington District Tournament in Tacoma where, stated Tom, "Maurice stopped his opponent in the first round;" the Idaho, Washington and Oregon Regional Meet in Richland, Washington where

Maurice Linton

Maurice won two fights and was voted 'outstanding;' and the National Meet in Colorado Springs, at the U.S. Olympic Training Center where Tom had the advantage of being the head coach.

According to Tom, "financing for the Tacoma Boxing Club comes through donations from sponsors such as the Tacoma Athletic Commission." The club also earns funds by sponsoring boxing events and currently by selling sports caps.

"Donations will keep the Tacoma Boxing Club alive," asserted Tom; especially for active children like Maurice who also runs track, plays football and plays the drums in the Senior Band at Hunt Junior High School.

Once Maurice receives confirmation that he qualifies to compete with other U.S. Junior Champions against the Canadian Junior Champions in Montreal, he will again prove the effectiveness of the club and its coaches who include Tom Mustin, George Wright, Chris Bicker and Don Williams.

PSALM 145

1 I will extol thee, my God, O king; and I will bless thy name for ever and ever.

2 Every day will I bless thee; and I will praise thy name for ever and ever.

3 Great is the LORD, and greatly to be praised; and his greatness is unsearchable.

4 One generation shall praise thy works to another, and shall declare thy mighty acts.

5 I will speak of the glorious honour of thy majesty, and of thy wondrous works.

6 And men shall speak of the might of thy terrible acts: and I will declare thy greatness.

7 They shall abundantly utter the memory of thy great goodness, and shall sing of thy righteousness.

8 The LORD is gracious, and full of compassion; slow to anger, and of great mercy.

9 The LORD is good to all: and his tender mercies are over all his works.

10 All thy works shall praise thee, O LORD; and thy saints shall bless thee.

11 They shall speak of the glory of thy kingdom, and talk of thy power;

12 To make known to the sons of men his mighty acts, and the glorious majesty of his kingdom.

ON GUARD IN BOUGAINVILLE

As I sat here twilding my thumb, Looking and waiting for it to come. The things I can't see, worries me, The slowly moving of a small tree.

As I sat here twilding my thumb, Thinking about all those lovely one, Moving around as though I'm lost, With trees and vines, as thick as moss.

As I sat here twilding my thumb, No where to go or, nothing to see, Out their in the dark, and dark, as it could be, Someone is waiting and, trying to get me.

As I sat here twilding my thumb, I could see Shadows began to move, A tense of fear began to rise, As I hope for wings, so I could fly.

As I sat here twilding my thumb, Thinking and hoping when this will end, My finger on the triggle, my thoughts above, Wondering will I ever see, those whom I love.

TAG'S FIRST SUMMER PARK SHOW TO TOUR AREA PARKS

BEYOND MING or THE REBELLION OF THE MINIONS is the off-beat title of Tacoma Actor's Guild's first Summer Park Show, which will tour Pierce and King Counties throughout August and early September. In addition to the outdoor performances on tour, the show will have a five-day stand (Aug. 25-29) at TAG's theatre, 1323 So. Yakima, and will also be presented at The Empty Space Theatre in Seattle Aug. 13, 14 and 15.

A zany and colorful space-adventure musical, BEYOND MING is the all-new third episode in the popular and much acclaimed MING series, written by Rober Wright, Phil Shallat, John Engerman and Rex McDowell. MING THE RUDE in 1979 and MING STRIKES BACK in 1980 received rave reviews and played to capacity crowds when toured by Seattle's Bathhouse Theatre. The authors also wrote THE DAY THEY CAME FROM WAY OUT THERE, the popular touring Park show produced by The Empty Space in 1981.

A combination of outrageous humor, snappy music and fast-paced adventure, BEYOND MING will be a delightful outing for the entire family. Complete with the nastiest of villains and the most unlikely heroes and heroines, the show is capped by the inevitable triumph of good over evil.

Cast members include Wright, Shallat, McDowell Jill Klein, David Mong and Jeff Steitzer. Engerman is composer, musical director and will be traveling with the show as musician. Janet Neil designed the set and Michael Murphy the costumes.

TAG's first Summer Park Show may be the beginning of an exciting tradition, according to Managing Director Marilyn Raichle.

"The level of community involvement and support has been simply trendous," Raichle says. "OUr list of local sponsors is long and getting longer everyday. It's obvious that there is a critical need for this type of family entertainment. We'd love to be able to do this everyyear.

Raichle stressed that additional dates are still available for booking by local sponsors. For information, call 272-3107.

FIRE MARCHAL.

Insurance Commissioner/Fire Marshal Dick Marquardt , said he thinks the change in WA.'s fireworks law from a so-called "safe and sane" law to a more liberalized law allowing fire crackers and Roman candles was a mistake.

"Although we don't have injury or fire statistics yet, the public and media outcry against the new law has been so great that I have instructed Tom Brace, my director for the Fire Marshal's Office, to look for ways to change the law back to one allowing only so-called 'safe and sane' items, "Marquardt said.

Marquardt said he hopes for find several senators and representatives to help him in sponsoring changes to the fireworks law during the next legislative session (January 1983).

The initial rationale for changing the state fireworks laws so they were similar to federal laws was that the change would make enforcement easier and it would help eliminate the use of illegal items.

"I am not sure that is what happened," Marquardt said, adding, "We think most of the fires and severe injuries were caused by firework items that are illegal under either the new liberalized law or the old 'safe and sane' law. Our primary concern is public safety. That's why I've got my people working on a safer fireworks law."

When the legislature passed this change in the fireworks law, the action was supported by the various charitable non-profit organizations selling fureworks at neighborhood stands around the state and, of course, the fireworks industry. The Washington State Association of Fire Chiefs and the Washington State Fire Commissioners Association also supported the liberalization effort The bill passed the House 94 to 3 and the Senate 34 to 13.

PIERCE TRANSIT

NOTICE OF PUBLIC HEARING FOR FEDERAL GRANTS FOR CAPITAL ASSISTANCE

I. Notice is hereby given that a public hearing will be held by Pierce Transit as part of the Board of Commissioners meeting on July 19, 1982. The hearing will be held in the Pierce Transit Conference Room, 1235 South Sprague Avenue, Tacoma, Washington, at 4:00 p.m. The purpose of the hearing is to consider grant applications for which Federal Capital Assistance under Section 3 and 5, of the Urban Mass Transportation Act of 1964, as amended, is sought.

A. Description of Project

1. **Section 3 and 5 Capital Grant for 1982**—Replace temporary transit centers by designing and constructing six permanent transit centers which will have shelters, designated stops for buses, lighting and improved public information at the proposed following locations:

a. Tacoma Community College: This site is to utilize the parking lot at the southwest corner of the TCC campus adjacent to the intersection of 19th Street and Mildred Street in the City of Tacoma.

b. Tacoma Mall: This site would utilize a southern portion of the Mall's parking lot adjacent to the southern entrance road to the Mall off of South 48th Street in the City of Tacoma.

c. Puyallup: This site would utilize a portion of the block adjacent to and west of the City Hall, between 3rd Street SW and 2nd Street SW, just south of Pioneer Avenue SW in the city of Puyallup.

d. Parkland: This site would utilize a vacant portion of the property east of the Parkland Post Office in the block bounded by Garfield Street on the north, Pacific Avenue on the east, 122nd Street on the south and C Street on the west.

e. 72nd and Portland: This site would utilize the property on or mmediately adjacent to the existing 72nd Street Square commercial development located just northwest of the intersection of Portland Avenue and East 72nd Street in the City of Tacoma.

f. Downtown Tacoma: A transit exchange (a major transfer and public information area) will be developed by widening sidewalks and adding shelters, designated bus stops, and public information in the block of Commerce Street between South 9th and 11th Streets.

The estimated net project cost is $2,651,260 (Federal share $2,121,008; Pierce Transit share $530,252). The source of the local share is to be provided from Motor Vehicle Excise Taxes, sales taxes, and/or other miscellaneous avenues eligibile as matching funds.

2. **Revision #3 to Capital Grant Contract WA05-0013** for purchase of 20 rehabilitated buses as a substitute for the 20 new buses in the original grant contract.

The cost of the project is estimated at $1,500,000 (Federal share $1,200,000; Pierce Transit share $300,000). The source of the local share is to be provided from Motor Vehicle Excise Taxes, sales taxes, and/or other miscellaneous revenues eligible as matching funds.

B. Relocation

No persons, families or businesses will be displaced by this project.

C. Environment

This project will not have a significant adverse environmental impact upon the urban area.

D. Comprehensive Planning

This project is in conformance with comprehensive land use and transportation planning in the area and is consistent with the adopted programming of projects in the Transportation Improvement Program and has been submitted to the Puget Sound Council of Government and the State Department of Transportation for review.

E. Elderly and Handicapped

The project will meet the needs of the people who, without such accessible services, would find it impossible to use public transportation. Pierce Transit shall assure a reasonable level of mobility for the disabled residents of its service area by providing a system of accessible fixed-route and door-to-door services which shall be offered with operating hours and fares comparable to other transit services. Transit centers, administrative and maintenance buildings, shelters, park-and-ride lots, and other Pierce Transit facilities shall be accessible to disabled people. Pierce Transit will continue to offer off-peak fares that are one-half of the peak hour fare rates.

II. At the hearing, Pierce Transit will afford an opportunity for interested persons or agencies to be heard with respect to the social, environmental and economic aspects of the project. Interested persons may submit orally or in writing evidence and recommendations with respect to said projects.

III. Copies of the applications for the proposed project, together with an environmental analysis and the Transportation Development Plan for the area is currently available for public inspection at the Pierce Transit Headquarters Building, 1235 South Sprague, Tacoma, Washington.

IV. Specialized transportation and interpreter for the deaf will be provided upon request with minimum of 5 days notice.

Ground Breaking

South Tacoma businessmen along with City of Tacoma and Pierce County officials will break ground for the South Tacoma Streetscape project at noon on July 16, 1982, at So. 54th and South Tacoma Way.

Streetscape is the first phase in a plan for redevelopment and revitalization of the South Tacoma business district. Phase one calls for beautification of the street and sidewalks giving the commercial district a more unified appearance.

Tacoma City Councilman John Ladenburg will be the keynote speaker at the brief ceremony. Councilman Ladenburg is a past president of the South Tacoma Business Club and one of the initiators of the project jointly funded by district property owners and City of Tacoma and Pierce County Community Development Departments.

Tacoma Mayor Doug Sutherland, Tacoma City Councilman Tim Strege and Pierce County which will be conducted by Tom Ryan, current president of the So. Tacoma Business Club.

The streetscape project will remove the sidewalks on So. Tacoma Way between So. 52nd and 56th St. and replace them with textured paving. Sidewalks will be extended into the parking lane at the intersections and at mid-block. The extensions will decrease the distance for pedestrians crossing the street, develop bus stops at mid-block and create spaces where people can gather.

Benches, new street lights and trees will help create a new image for the district. A landscaped divider will be constructed at the middle of each block leaving room for left turn lanes at the intersections.

Design and construction of the streetscape project is being jointly funded by assessments from local property owners and by funds from the City of Tacoma and Pierce County. Property owners have contributed $223,146, the City $221,745 and the County $25,000. The project was designed by The Richardson Associates (TRA) and the construction contract was recently awarded to Ceccanti, Inc. on its bid of $361-009.25.

South Tacoma Businessmen are currently working on other improvement projects that include drafting a sign ordinance for the district and creating a revolving loan fund for improvement of building fronts lining South Tacoma Way.
